Advisors will need to ask general question to assure students understand their schedules and the schools graduation requirement. Sample questions:

1. According to your schedule:
 - a. Where will you go during third period?
 - b. What time does the school day begin?
 - c. At what times can this student go to his/her locker?
2. According to these graduation requirements:
 - a. How many math credits are required for graduation?
 - b. How many English classes are necessary for graduation?
 - c. Are different classes required for different tracks of study?
 - d. What classes do you still need in order to graduate?
3. Based on the list of graduation requirements you have been given, will you meet promotion requirements? (Each county will list their requirements here.)
4. Have you visited your counselor for credit evaluation and discussed your future educational plans?
5. Discuss tutoring programs and support services that are available.

Integrative Closing Statement:

High school success is based on successful completion of promotion requirements. If students have been unsuccessful, it is essential that you seek assistance from the school counselor to revise your schedule and to locate resources to help you improve your academic performance.
