

EVALUATING ADVISORY EXPERIENCE

Time Required: 30-45 minutes

Principles:

- Students will acquire attitudes, knowledge, and skills that contribute to effective learning in school and across the lifespan.

Objectives (Students will...):

- Identify attitudes and behaviors that lead to successful learning, personal development, and working cooperatively with others in the ADVISORY program.

GOAL: Students will complete an evaluation of the 9TH grade experience including the ADVISORY program.

Activity Statements:

Students will complete an online survey sometime during the week prior to the last ADVISORY session. Students will discuss successes and challenges of the 9th grade year, including the ADVISORY program and revise and plan for future goals.

Materials:

Goals letter

Handout 1 *Goals Reflections*

Handout 2 *Setting and Achieving Goals*

Procedures:

1. Ask each student to secure their goals letter from their portfolios as they come in the door.
2. Students will finish reviewing their goals letter, complete the checklist and questions on Handout 1 and set three goals to work on over the summer.
3. Students will divide into groups and discuss three successes and three challenges of the school year.
4. Students will share in large groups their successes and challenges.
5. Using the following discussion questions, students will evaluate their 9th grade year and answer the question: *Am I on target for successful completion of high school? If not, what can I do to move in that direction?*

Discussion:

- What did you find most challenging this school year?
- Describe something that surprised you about being a sophomore.

EVALUATING ADVISORY EXPERIENCE

- Describe something that surprised you about being a freshman.
- What are some things you are most proud of?
- What are some things you are most disappointed about?
- What are some things you would do differently if you had your first year of high school to do over?
- What are some of the important lessons you learned about setting and reaching goals?
- What do you plan to do differently during the rest of high school?
- What was the most valuable thing you learned in LINKS this year?
- What worked for you in LINKS? What didn't work?
- How do you think LINKS was beneficial in academic planning, career planning and helping you with social issues?
- What is the most important thing you will take away from your ninth grade year and LINKS?
- What is something you would change if you had it to do over?
- Describe one goal you wish to accomplish over the summer to prepare for the upcoming school year.

Additional Resources: Students and Advisors should take the online ADVISORY survey if you have not done so. <http://wvde.state.wv.us/forms/links-assessment> Data from this survey will be used to educate others about student advisement program impact and help schools make program improvements.

Setting and reaching goals for mentors and mentees by the Search Institute:

<http://www.search-institute.org/system/files/settingand-reaching.pdf>

http://www.pyd.org/mentoring_programs/curriculum/mentee/stage3.htm

Extension Activities: Reflect on your goals. Are there some goals that you can still obtain during the final nine weeks? *What are they? What do you need to do to reach them? Who can you enlist to help you?* Use Handout 2 to set work towards setting and reaching goals. Complete on-line ADVISORY evaluation.

<http://wvde.state.wv.us/forms/links-assessment> Double-check required classes and schedule requests for next year. Complete all summer reading and other assignments over the summer. Work on taking steps to meet deficiencies in goals letter. Ask your counselor where to go for help, if needed.

HAVE A GREAT SUMMER!!
