

Forestry Song, Movement 9

.
.
.
 Below the chicken ford
 two streams meet to form
 the dell woods ..in the clear
 slant of light thick trunks
 of spacious beech
 paddle blade ripples over
 rock-garden shores
.
 an arrangement
 in constant tumble
 driftwood sculpture
 slope above breast height diameter
.
 a part of wilderness.
.
.
 Liverworts crag on
 foot trail, if you'll be still
 then whippoorwill, day birds.
