

Boy Scout Leader Training

"EVERY YOUTH DESERVES A TRAINED LEADER"

Scout Leader Job Specific Training-

Training provides a means of gaining new ideas, sharing ideas, and gaining further knowledge for your current position. We have many new and innovative ideas and methods of training we plan to share this year -so please support our efforts to make sure all of our scout leaders receive training.

Also, for all of those new scout leaders and Webelos parents that plan to assist your Troop this year, please encourage them to attend training. As a Scoutmaster and Committee Chair, we ask that you encourage all of your adults to receive training and promote these upcoming dates. Training can only help strengthen your program and adult leadership.
